

IT COULD BE THE...  
*Best Decision You Ever Make!*

# International Studies

## UNIVERSITY PROGRAMS

- CLOUD COMPUTING
- DATABASE PROGRAMMING
- ELECTRONICS ENGINEERING TECHNOLOGY
- INFORMATION SYSTEMS
- MECHATRONICS
- NETWORK SECURITY

ECPI University offers an ideal environment for international students. We understand what's important. Here, you can be part of a learning community that embraces diversity, provides opportunities for interaction, and attends to the unique needs of all students. It begins with a safe, comfortable environment, access to quality housing, transportation, food, and activities. That makes going to school fun and creates peace-of-mind so you can concentrate on earning your degree.

Academically, we can help you prepare for careers in fields that require very specific skills, ones sought-after by employers worldwide. Producing graduates who are job-ready means providing an education that allows you to retain and apply what you've learned. Nearly 4,000 employers have hired our graduates since we were founded. We encourage you to read on and learn exactly what we have to offer.

#### **EARN YOUR DEGREE IN 2.5 YEARS OR LESS**

At ECPI University, we offer an accelerated, year-round schedule. You take two classes every five weeks. It's like a mini-graduation each time you finish and a new beginning with each start. Stay on pace, and earn a Bachelor's degree in 2.5 years and begin your career much sooner.

#### **PREMIER PROGRAMS AND PARTNERS**

Earning a degree is the first step. Then, you want a job! ECPI University only offers degrees in career fields poised for growth. The programs we offer are developed in conjunction with academic advisory boards that are comprised of industry professionals. They help ensure that curriculum is tailored to the needs of employers.

The feedback we receive from these partners is invaluable. As a student, it serves your best interests, as well as the employers themselves. Many of the companies we work with are well-known throughout the world, including Texas Instruments, BMW Manufacturing Co., STIHL, Honeywell Technology Solutions, and Canon, to name just a few.

#### **FULL ACCREDITATION**

ECPI University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate, baccalaureate, and master's degrees and diploma programs.

#### **HELP WHEN YOU NEED IT**

Attending school abroad is exciting. It can also be a little scary if you're not sure about your surroundings or how to get things done. ECPI University has dedicated International Student Advisors on each of its designated campuses to assist you through the process. From application to enrollment to graduation, you can count on them to provide help when you need it.

#### **NO SAT OR ACT REQUIRED**

We try to make the admission's process as simple and as fair as possible. That's why we do not require you to take the SAT or ACT. While there are other requirements, we do not believe the SAT or ACT tests are the best ways to determine your abilities.

## UNIVERSITY PROGRAMS

### BACHELOR'S DEGREE

- CLOUD COMPUTING
- DATABASE PROGRAMMING
- ELECTRONICS ENGINEERING TECHNOLOGY
- MECHATRONICS
- NETWORK SECURITY

### MASTER'S DEGREE

- INFORMATION SYSTEMS

**EARN YOUR  
TECHNOLOGY DEGREE  
IN THE USA IN AS LITTLE AS  
TWO AND ONE HALF YEARS!**

## A WELCOMING ENVIRONMENT

Diversity is one of the pillars upon which we have built our success. It makes us strong, enhances learning, and creates a welcoming environment. Here, you can make lasting friendships with people from all age groups and walks of life. You will also find numerous opportunities to become involved through clubs and community service. Most importantly, our campus is relatively small, providing you opportunities to get to know the faculty and your fellow students.

### DESIRABLE LOCATION

Virginia Beach is a thriving city where you will find opportunities for externships, social, and cultural activities. It's also ranked among the 10 Safest Cities in America with populations over 200,000. It's not only safe to move around, it's easy. Between the local transit system and ECPI University's shuttle service, enjoying this beautiful community will be a real pleasure.

### FOOD AND HOUSING

If you're going to live in a resort city, why not live in an apartment that reflects that lifestyle? ECPI University has partnered with an array of local apartment communities that offer very nice accommodations. We've negotiated preferred rates and can match you and your friends with a memorable roommate experience.

Headquarters to NATO and dozens of international companies, Coastal Virginia has become a vibrant international community. There are plenty of stores that cater to its diverse residents and many of our housing locations are walking distance to both Indian restaurants and international grocery stores.
