*Programs offered at the Northern Virginia campus are an additional \$240 per semester

BS Nursing (RN to BSN only) TUITION

- Per credit \$250 for the first six Arts and Sciences courses
- Per credit \$444 all NUR courses and Arts and Sciences courses subsequent to the first six courses
- Technology Fee per semester \$480 per semester. *Includes use of mobile computing devices with damage insurance, learning platforms, technology support, and other technology equipment necessary to complete courses*

MASSAGE THERAPY (Diploma) TUITION

- Per credit \$527.50
- Technology Fee per semester \$480 per semester

TUITION DEPOSIT

- Tuition deposit \$135 required for Practical Nursing, Associate Nursing, and Traditional BS Nursing only. *If tuition is paid entirely by third party funding sources, providing that documentation satisfies the deposit requirements.*

To complete the Program requirements in a timely manner, I must be enrolled full-time and carry a minimum load of 12 semester credit hours and a maximum of 18 semester credit hours per semester. If I take an academic overload consisting of more than 18 credit hours, this may change my eligibility for financial aid assistance in future semesters, which may result in greater out-of-pocket expenses. If I take an overload of more than 18 credits, I will be assessed additional charges in that semester. I am responsible for checking with the Financial Aid office to determine the impact of schedule changes.

Overload tuition charge calculation: Semester cost / 18 = per credit cost x the number of credits over 18 credits (not applicable to all programs).

Veterans and Active Duty

If I receive benefits under the Veteran's Administration (VA) programs, the VA is charged per credit hour. This is calculated by dividing the above full time tuition by 12 credits, and I will be billed up to a maximum of 12 credits in a semester. If I attend three-quarter, half-time or less-than-half-time, then I will be charged the semester rate divided by the number of credits applicable for that enrollment status which is nine (9) for three-quarter time, six (6) for half time, three (3) for less-than-half-time. The charge per credit amount is the same and will not exceed the maximum charge for that semester based on enrollment status with the exception that overload charges will apply as indicated above. Please see the VA coordinator for assistance with these benefits.

CERTIFICATE (MicroCredential) TUITION

- Per credit \$389
- Technology Fee³ \$160 per term. *Includes use of mobile computing devices with damage insurance, learning platforms, technology support, and other technology equipment necessary to complete courses*

OTHER FEES (all programs - required)

• Application Fee	\$15 Non-refundable, one-time charge
• Registration Fee	\$100
• Background Check Fee, applicable programs	Fee Varies
• High School, GED or College Transcript Request	Fee Varies
• Textbooks ²	\$0 <i>When required, use of textbooks and electronic textbooks for the time needed to complete your courses is provided at no cost. If you wish to permanently own your textbooks, you may purchase them from ECPI University's bookstore, or any other retailer you choose.</i>

¹ All students attend ECPI on a full time basis, unless an exception is approved by a campus official.

² As a result of ECPI University's GREEN commitment and to provide the best value in education resources, ECPI University has implemented textbook recycling and extensive use of electronic textbooks. Arrangements have been made with publisher to access their content at heavily discounted rates and make it available to you at the start of each term. You will have extended access to core course textbooks. A STUDENT MAY OPT OUT AND ACQUIRE TEXTBOOKS ON THEIR OWN. If you prefer to own your textbook, they are available for purchase from the ECPI University bookstore, or other retailers. Federal regulations require that you be allowed to acquire books and supplies from other sources. Please notify the financial assistance department if you wish to acquire your own textbooks, and your account will be credited \$50/semester. You will be responsible for obtaining all required textbooks.

³ Most courses have online resources available, and many courses utilize mobile computing devices such as tablets and notebook PCs. Students will be charged for any resources not returned or damaged per the Technology Borrower's Agreement for Students. A student's required fees include one-time, limited coverage for loss or repair up to \$150. The student is responsible for any additional loss or damage costs.

⁴ CALIFORNIA STUDENT TUITION RECOVERY FUND (CA residents only). The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the Fund STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if you are not a California resident, or are not enrolled in a residency program. It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capital Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589. To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following: (1) The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau. (2) You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued. (3) You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 day before closure. (4) The institution has been ordered to pay a refund by the Bureau but has failed to do so. (5) The institution has filed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs. (6) You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution. (7) You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.
